HUSQVARNA CHAINSAWS

500 SERIES XP® CHAINSAWS

Maximum power and performance with our most advanced chainsaws.

Power, performance and features suited for long demanding shifts. Our 500 Series XP® chainsaws are equipped with all the latest features, to maximize performance in every situation. The Air Injection™ system keeps the engine clean, Low Vib® technology reduces vibrations and makes the machine extra flexible while AutoTune™ ensures the engine runs optimally in all weather conditions.

500 Series XP® Chainsaws Feature:

- Quicker Starting Engine with Smart Start™ Technology
- Low Vib® Dampens Vibrations for More Comfortable Operation
- High-Endurance Air Injection™ Air Cleaning System
- Ergonomic and Well-Balanced Designs Lighten your Workload

550 XP®

Available with AutoTune™ (550 XP® AT), heated handle (550 XP® G AT) and TrioBrake™ (550 XP® AT Trio™)

Perform like a pro with the 543 XP®

Professionals will tell you, the key feature to any chainsaw feature is weight. At only 4.5 kg, the new Husqvarna 543 XP® is ready for any professional grade task and long hours at work. Outfitted with X-Torq®, the 543 XP® combines high performance with better fuel economy and lower exhaust emissions. Couple this with Husqvarna's Smart Start® technology, which reduces pull cord resistance allowing for quicker starts, the 543 XP® makes the ideal companion on any job site.

543 XP®

Premium XP® Features Include

- | | |
|--------------------------------|-------------------------|
| ■ Magnesium Crankcase | ■ Chain Brake Indicator |
| ■ Three-piece Crankshaft | ■ Retained Bar Nuts |
| ■ Reduced Gyro Forces | ■ Long Slide Rails |
| ■ Side-Mounted Chain Tensioner | ■ TrioBrake™ † |
| ■ Combined Start/Stop Control | ■ Heated Handles† |

EFFICIENT X-TORQ® ENGINES

X-Torq® combines high performance with better fuel economy and lower exhaust emissions. Now you can work more comfortably and economically.

SMART AUTOTUNE™ TECHNOLOGY

Optimizes engine performance through a digital tuned carburetor. AutoTune™ compensates for different fuels, altitude, humidity, temperature and filter condition.

WORK FASTER WITH REVBOOST™

REVBOOST™ provides rapid and smooth acceleration, with higher chain speeds for best limbing performance.

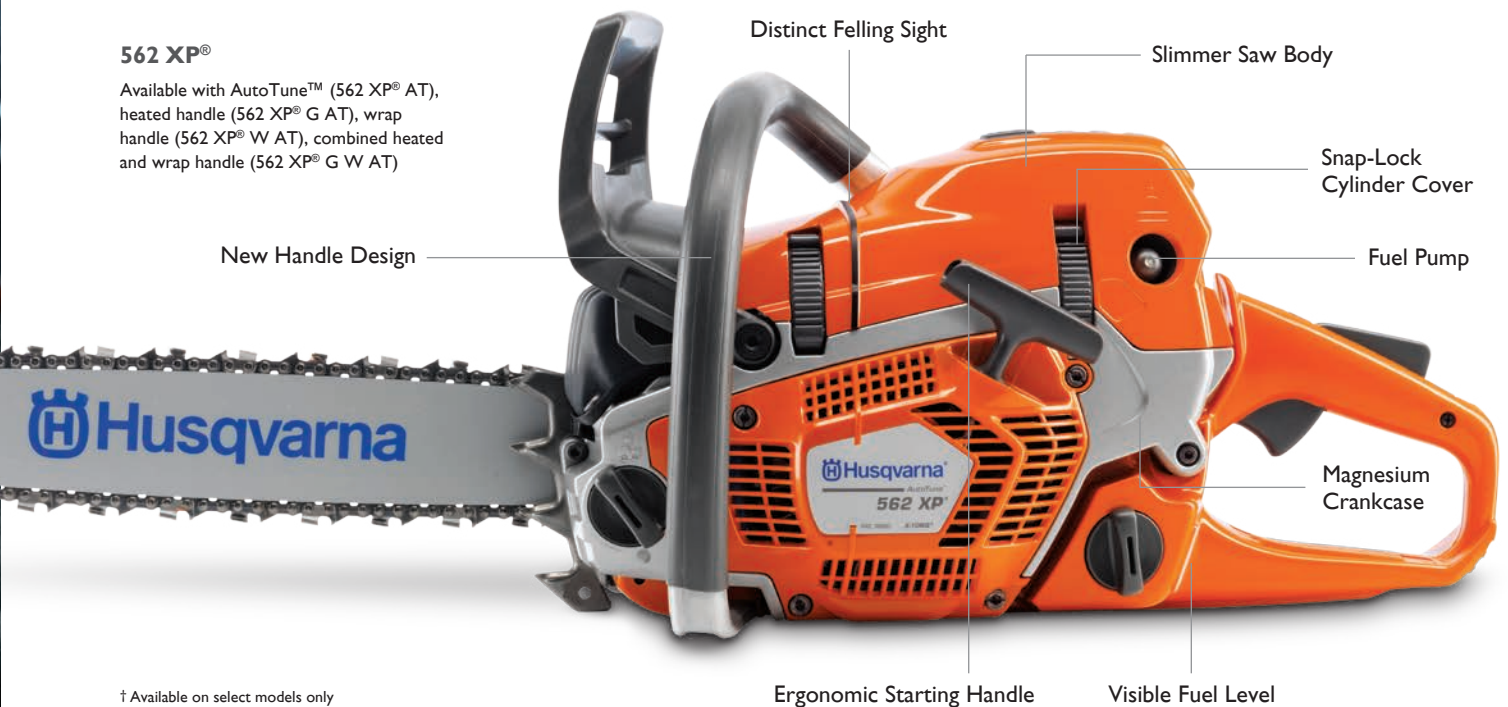

TRIOBRAKE™ SYSTEM

A unique feature that allows the chain brake to be activated automatically by the inertia release mechanism or mechanically by your right hand. This will help you work safer, easier, efficiently and in a more ergonomic fashion, with less strain on your body.

562 XP®

Available with AutoTune™ (562 XP® AT), heated handle (562 XP® G AT), wrap handle (562 XP® W AT), combined heated and wrap handle (562 XP® G W AT)

† Available on select models only

All features mentioned are not applicable for all models.

PROFESSIONAL CHAINSAWS

Great power and lower emissions with X-Torq® engines.

The X-Torq® engine delivers lower fuel consumption and reduced exhaust emission levels enabling you to work more comfortably and economically. Among these chainsaws you'll find more features that will give you greater results with less effort, including the Air Injection™ cleaning system, the TrioBrake™ system that ensures a safe operation and the Low Vib® vibration damping system.

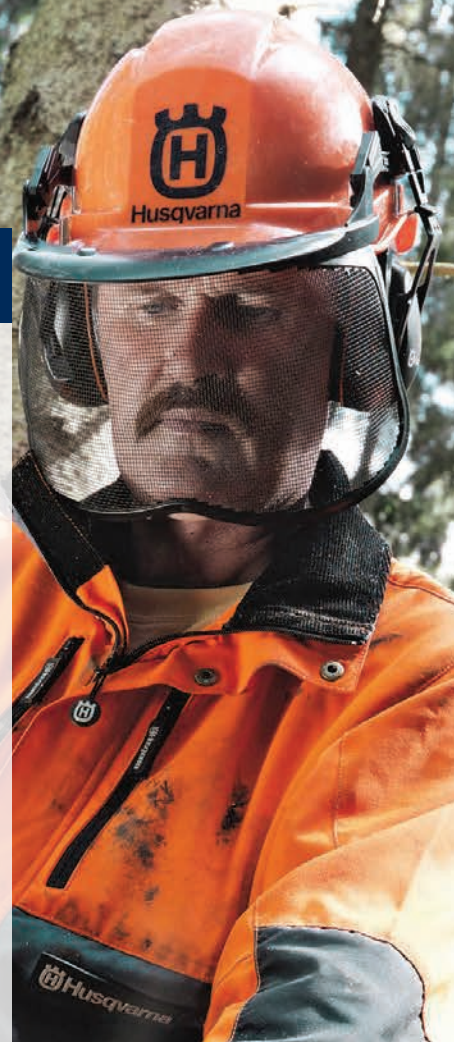

Professional Chainsaws Feature:

- Powerful and Efficient X-Torq® Engines
- High-Endurance Air Injection™ Air Cleaning System
- Three-Piece Crankshaft
- Magnesium Crankcase

372 XP®

Also available with heated handle (372 XP® G), wrap handle (372 XP® W), combined heated and wrap handle (372 XP® G W)

390 XP®

Also available with heated handle (390 XP® G) and wrap handle (390 XP® W)

365

Also available with wrap handle (365 W)

545

Available with AutoTune™ (545 AT)

555

Available with AutoTune™ (555 AT)

EFFICIENT X-TORQ® ENGINES

X-Torq® combines high performance with better fuel economy and lower exhaust emissions. Now you can work more comfortably and economically.

ULTRA-COMFORTABLE OPERATION

Low Vib® technology uses anti-vibration dampeners to absorb vibration, reducing the impact on the user's arms and hands.

Lightweight, efficient tree care chainsaws that reach everything – everywhere.

T435 – The X-Torq® T435, features a low weight and well-balanced saw body that makes it very easy to work with.

T540 XP® – The X-Torq® T540 XP® features LowVib®, AutoTune™, belt and rope eyelet and changeable grip size.

3120 XP® – Our largest saw is one of the most powerful saws in the world. Built for professional felling in the toughest conditions.

Inertia Activated Chain Brake

Improved Handle Design

Quick-Release Air Filter

Smart Start®

MULTIPLE BAR LENGTHS

Depending on the model you choose, Husqvarna chainsaws offer bar lengths from 16 – 36 inches.

All features mentioned are not applicable for all models.

ALL-ROUND CHAINSAWS

Fully-featured chainsaws designed for any situation.

These chainsaws are easy to start and easy to maneuver, ideal for landowners and homeowners who cut less regularly. Thanks to the X-Torq® engine, your operation will be comfortable and efficient, because the exhaust emissions are reduced and less fuel is needed. All chainsaws are also equipped with the Low Vib® system that reduces vibration to make your work even more comfortable.

460 Rancher

All-Round Chainsaws Feature:

- Powerful and Efficient X-Torq® Engines
- High-Endurance Air Injection™ Air Cleaning System
- Quick-Release Air Filter
- Three-Piece Crankshaft
- Fuel Pump for Easy Starting

Ask your dealer about our extended warranty program on our all-round chainsaws.

Choosing the right chainsaw can be tough and learning how to use it correctly can take time. We offer a variety of useful information that can make your operation safer, easier and more efficient. Visit www.husqvarna.ca or your local Husqvarna dealer – we're here to help you every step of the way.

240

This traditional saw is ideal for jobs like pruning, lighter cutting tasks and hobby work.

435

Our newest saw that combines versatility and efficiency in a lightweight design.

440

A lightweight and efficient all-round saw that is exceptionally easy to start and maneuver.

445

An efficient all-round saw for people who value professional qualities in a saw.

450

A powerful and well balanced chainsaw for optimum results in all environments.

455 Rancher

A high powered, heavy-duty and responsive saw, ideal for landowners and part-time users.

CLOTHING, MAINTENANCE AND SAFETY

Protect yourself and your products with genuine Husqvarna clothing and accessories.

HELMETS

Helmets, visors and hearing protection are essential accessories when working with chainsaws. Our range will give you the protection you need.

FOOTWEAR/GLOVES

Comfortable handmade boots with saw protection and form-fitting gloves with reinforced palm for years of safe, comfortable use.

ACCESSORIES

Our tool belt is complete with two holsters, rear tool carrier, lifting hook, lifting tong and measuring tape.

PROTECTIVE CLOTHING

Our wide range of protective clothing has been developed to handle almost all work conditions and environments. Using the latest innovations in design and materials, we take you from Technical Extreme, to the affordable safety of Classic Wear.

OPTIMIZED OILS AND FUELS

We offer a range of oils, lubricants and fuels suitable for any working condition. Specially developed additives provide optimum lubrication, seizure protection, cleaner engines and maximum performance at home or on the job.

TOOLS

We offer a wide selection of tools like our unique filing tool. It includes both a file gauge and a depth gauge setter. Used together with a round file and a flat file, it ensures the correct filing angle.

For a complete selection of our product accessories, safety equipment, apparel and tools, visit your local Husqvarna dealer or www.husqvarna.ca

Enjoy improved efficiency, comfort and safety with Husqvarna accessories.

The right accessories, protective clothing and safety equipment will make your work safer and more efficient. Husqvarna's wide selection of gear for chainsaws will keep you working comfortably while maximizing productivity.

Trust genuine Husqvarna Pre-mixed Fuel for confident performance.

- Stays fresh for years and does not degrade or oxidize
- Easier starting and smoother running
- Protects fuel systems and saves carburetors
- Convenient, ready to use with no mixing required

SPECIAL OFFER

Get up to 4 years of extended warranty when you purchase Husqvarna 2-Stroke Pre-Mixed Fuel+Oil. Ask your dealer for details.

*All horsepower values are rated by the manufacturer. The power rating of the engines indicated is the average net power output (at specified RPM) of a typical production engine for the engine model measured to SAE standard J1349/ISO1585. Mass production engines may differ from this value. Actual power output for the engine installed in the final machine will depend on the operating speed, environmental conditions and other variables. Specifications and pricing subject to change.
